

TECHSTART CAPABILITIES STATEMENT

TechStart, founded in 2000, is a highly motivated and diversely talented company that can resolve the most unusual and demanding technical challenges. Our team delivers world-class program management, systems engineering and telecommunications integration expertise to federal, state and local governments as well as to commercial- and private-sector organizations.

TechStart, LLC, a minority-owned and certified Service-Disabled Veteran-Owned Small Business (SDVOSB), offers technical services and products for:

- **Interoperable Communications**
- **Voice & Data Communications**
- **Satellite Communications**
 - Land mobile, maritime and aviation
- **Aircraft Communications**
- **Mobile Command Centers**
- **Optical wireless (Gigabit laser communications)**

We are, also, an authorized reseller or distributor for many computer, networking and telecom equipment manufacturers.

Mission Statement:

TechStart's mission it to be the premier provider of mission-critical telecommunications engineering and information technology solutions.

Core Values:

TechStart places absolute priority on honesty, integrity and ethical practices. TechStart will consistently meet or exceed the expectations of its customers, business partners and employees.
